The Cambridgeshire | Door Panel Collection

The Cambridgeshire Collection

The collection features a comprehensive selection of moulded door panel designs combining with a range of decorative glass that is both innovative and classically stylish which you will find both practical and aesthetically pleasing. This choice incorporates acrylic liquid lead, traditional, hand-crafted lead, genuine glass bevels and the latest Crystal Resin technology.

Our products are carefully designed to complement and enhance your property, and will maintain their good looks for many years to come.

Our door panels are manufactured from high quality PVCu which is flame retardant achieving a Class 1 rating for surface spread of flame. UV stability ensures the colour will be maintained despite exposure to the severest weather conditions and a high density core material provides excellent thermal and acoustic values.

Our products are subject to rigorous performance testing to ensure our consistent high quality standards are maintained and your assurance is guaranteed by a full ten year warranty.

All glazing complies with current building regulation requirements and includes toughened safety glass as standard. An obscure glass may be specified with all designs, which provide a level of obscurity within their individual design.

A range of high quality furniture may also be specified including letter plates, knockers, spy viewers and brass numerals to individualise your door.

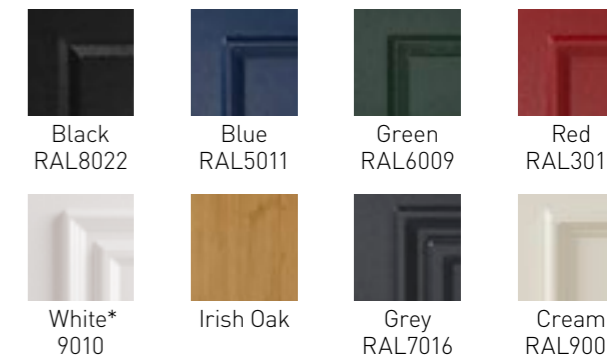

All door panels are available in a choice of White, Mahogany, Light Oak or Rosewood finishes colour matched to your profile.

Personalise your door

Create your ideal door from our range of furniture and door colour options.

Our Door Colours

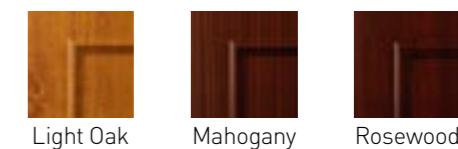

Experience true colour with our Colour Door Panel Collection; a stunning collection of coloured woodgrain-finish door panels to enhance any home. All are constructed to high standards of quality and thermal efficiency for a fantastic price. All coloured finishes shown are available in all decorative panel styles as featured in this brochure.

*White foil is available as flat panel only as it is not suitable for vacuum forming.

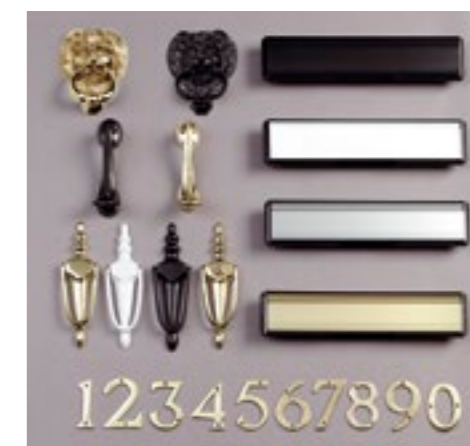

Foiled Finishes

A range of woodgrain-effect foiled finishes are available. On these optional foiled finishes, the grain runs vertically on doors and side panels, and horizontally on conservatory panels.

Door Furniture

From door knockers to numerals, letter plates and spyholes, a full range of quality hardware is supplied in a range of finishes. Colours include Gold, Chrome, Satin Chrome, Black, and White.

Extra Panel Options

Door and side panel combinations can be specified in many panel designs. In most cases, glass is available to match that supplied in the door panel. Please confirm your chosen style with your installer.

Earith & Trinity Door Panels

Both these designs offer a similar large glass area to allow maximum light to the interior. The Earith has a raised or convex moulding, while the Trinity's inverted moulding replicates the appearance of a traditional wooden or composite door.

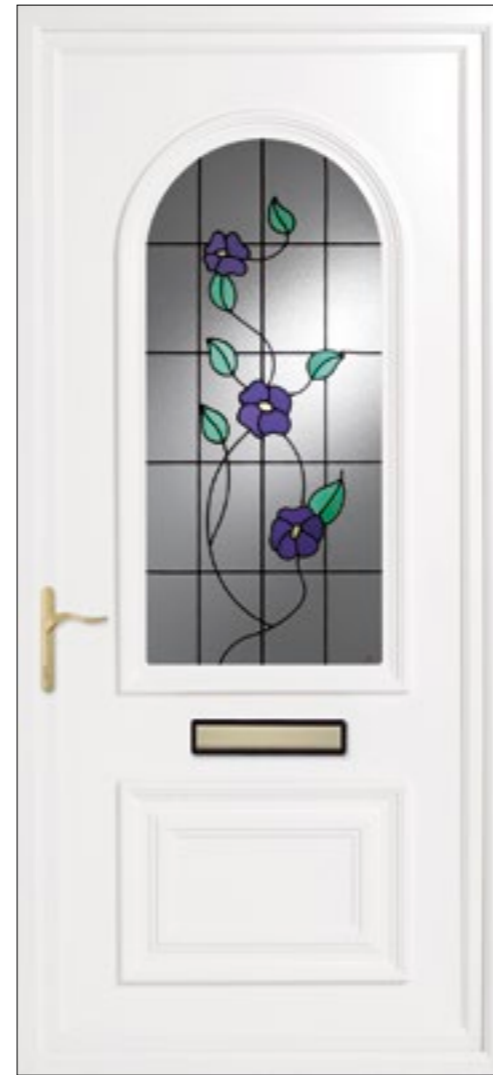

Earith Bevelled Clear Royale

New Glass

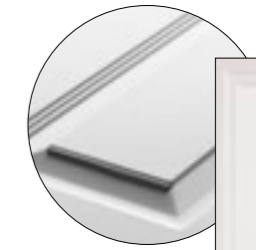

Earith Fusion Art Blue

Earith Spring Violets

Earith RB15 Green (Green)

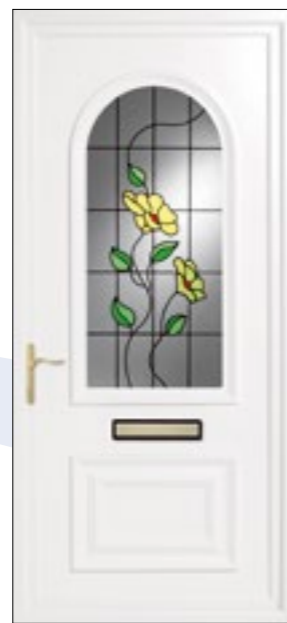

* Inverted Moulding
